Brittany and Kerrick on Christmas Eve

Greetings in this new year. I pray the Lord blessed your holiday season. The Lord was certainly working in Asia. Kerrick started the holiday season by directing the church's children's Christmas program. He directed 30 kids ages 3-10. He wants to be an elementary teacher so this was a great experience for him. We were blessed to have Brittany back from Concordia University NE for three weeks during her school holiday.

A few days after Christmas I had the pleasure of hosting a group of teachers heading to India for a post-Christmas service trip. They are from Southern California and will be working in schools in southern India until Jan 12. It is exciting to see people willing to take the long trek to this part of the world to share their knowledge and to learn about ministry opportunities in Asia. As the second semester of the school year starts here in Hong

Kong, Church of All Nations and Hong Kong International School welcomed 35 new families and 55 new students. Most have just moved to Hong Kong and for many this is their first time overseas. This is a huge ministry opportunity as we reach out with the love of Jesus to families who are feeling overwhelmed. I am privileged to be part of their first memories in Hong Kong.

This month please pray the following petitions with me for the ministry in Asia.

Praise God because...

-Jesus was born to save us and reconnect us to our Heavenly Father.

-ministry opportunities in Asia continue to present themselves.

-we are ministry partnership and I could not do with work without you and your support.

PRAISE

Thank God for...

-the opportunity to help new families adjust to life overseas.

-workers who are carrying the love of Jesus to remote parts of Asia and even to their neighbors next door.

-a new year to serve him!

THANKSGIVING

Ask God to...

-provide a pastor for the Congregation of the Good Shepherd in Beijing.

-provide safe travels for the teachers working in India.

-provide safety for workers who live in areas where Christian and Muslim relations are becoming strained.
